Wedding FAQs

CEREMONY

Can we have dogs at our wedding?

Dogs are welcome on the estate to participate in your ceremony and post-ceremony photos. Please note, your furry friends must always be kept on a leash and will need to be taken offsite after your photos.

Can we throw petals or confetti during our ceremony?

This may be accommodated depending on your chosen ceremony space. Please speak with your dedicated Wedding Coordinator for approval. Please note, cleaning charges may apply without pre-approval.

RECEPTION

Can we extend our ceremony timings to allow for a cultural experience?

You can certainly extend your ceremony time for this reason; however additional charges may apply depending on your requirements.

Does Marnong Estate allow cultural dances?

Yes! Kindly inform your dedicated Wedding Coordinator to ensure our team are prepared.

PHOTOS

Can we take photos in the vineyard on our wedding day?

We allow photos to be taken in the vineyard depending on the season. Kindly request that you wish to do with your dedicated Wedding Coordinator, who will happily assist.

Can we fly a drone on the property?

As Melbourne Airport is just 18km away, we share the above airspace with aircrafts ascending and descending. As such, we can only permit low-flying drones for photography and videography.

SUPPLIERS & SPECIAL EFFECTS

Can we include low-lying fog or dry ice?

Whilst we unfortunately don't allow low-lying fog machines, you are welcome to include dry ice which creates a similarly magical effect.

Can we have fireworks or sparklers?

As we are a working farm, fireworks are unfortunately not permitted at Marnong Estate. Please explore memorable options with your dedicated Wedding Coordinator and supplier to create a 'wow moment' on your special day.

Can our suppliers bump in the day before?

This may be permitted depending on venue availability. Please enquire with your dedicated Wedding Coordinator.
